# Complete Your Own Construction Site Mission!

When you are part of the demolition team, the job always includes some cleaning. Do you see a space in your home that needs to be sorted, cleared, and cleaned up? Today's the day, just follow the crew!

## FIND THE MESS!

Ask a friend or family member if they know of a place that could use some tidying. You and your crew can lend a helping hand today!

## SORT IT OUT!

Whether you find toys, trash, or random things scattered about, you can always start by sorting them into nice, neat piles.

## RECYCLE WHAT YOU CAN!

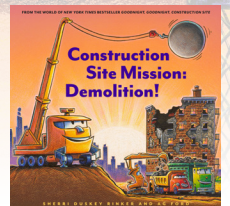

Be sure to keep anything that can be reused another day. If something has to be thrown out, check if it can be recycled or composted first!

## WORK AS A TEAM!

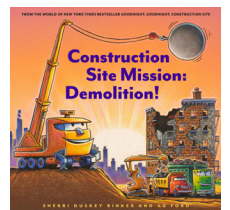

In this crew, everybody works hard and does their share. You'll have more fun cleaning together!

## CELEBRATE A JOB WELL DONE!

Shout YAY and HOORAY! Everything is clean and the mission is complete!
